

A wooded trail on a lush 70-acre property protected by conservation easement.

Look for tree lungwort, a lichen living on the trunks of maple trees along the trail (Carol Muth).

Follow a flat loop trail in the heart of Lamoine, where several seasonal streams support a variety of mosses, ferns, mushrooms, and wildlife.

The Simon Trail parking lot is often plowed after snow, making it a great place to snowshoe (Iris Simon).

Please respect the privacy of the landowners and stay on the trail.

Directions: from Rte 1N/Ellsworth, turn right on Douglas Highway (Rte 184) and drive 2.8 miles. Immediately past the Lamoine Town Hall, turn left on Pinkham's Flats Rd (Rte 204, becomes Partridge Cove Rd) and drive 2.3 miles to the parking lot on the right.
